Experience

Frontend Web Developer

IT Time

Apr 2022 - Jul 2022 (4 months)

- * I've worked in "IT Time" company as a Frontend Web Developer and created lots of live Web-sites.
- * I had the responsibility of building creative UIs and making the Web app functional.
- * In that position I improved working with APIs and making interactive websites.

* Personal Projects:

<https://alibaraka.com>

-An e-commerce website for buying all the instrument for building a greenhouse. Added functionalities like messaging to Telegram bot.

<https://tesla-buy.netlify.app/>

-Creative Car purchasing Web application developed with React and Material UI.

<https://sfood-2022.netlify.app/>

-Food serving Web Fast food store developed with React js and its animation library.

<https://frosty-chandrasekhar-3536ca.netlify.app/>

-Online kitchen service with excellent dashboard
